A close-up photograph of two golden-brown sesame seed bagels resting on a dark, textured wooden surface. The bagels are covered in a dense layer of white sesame seeds. Several loose seeds are scattered around the bagels on the wood. The image is partially overlaid by a tan-colored geometric shape on the right side, which contains text.

Bagel

Bagels can come in a variety of flavors and toppings, including plain, sesame, poppy seed, everything (a mix of various seeds and seasonings), cinnamon raisin, and more. They are commonly sliced horizontally and served with a variety of spreads, such as cream cheese, butter, jam, or used to make sandwiches with various fillings.

Bagels are a popular breakfast item, but they can also be enjoyed at any time of the day as a snack or part of a meal. They have become a staple in many different cuisines and are a versatile food enjoyed by people with various tastes and dietary preferences.
